

## **CBMD 2009**

### **China Building Materials Development Conference 2009**

—Focus on insulation and environmental-friendly products, sustainable building technology, solid-waste comprehensive utilization technology, etc..

---

#### **China Building Materials Development Conference 2009**

- **Date:** June 27-29, 2009
- **Venue:** CTS Hotel Beijing  
China International Exhibition Center Meeting Room, Beijing

#### ■ **Organizers:**

China Building Materials Federation  
China National Building Materials Exhibition and Trade Center  
Wall Materials Innovation Committee of CARCU

#### **Concurrent exhibition:**

China International Building Material Technology & Equipment Expo  
(BMEXPO CHINA 2009)

#### **The Best Trade Platform for Wall Materials and Energy-saving Building Industry**

- **Date:** June 28—30, 2009
- **Venue:** China International Exhibition Center (Halls 2, 3, 4), Beijing
  
- **Exhibits:**
  - Machine and system for producing brick, block and various building boards with the use of fly-ash, gypsum, solid-waste, etc.
  - Technology and equipment for producing sintering bricks, concrete, glass, mortar, coatings, etc.
  - Environmental-friendly building material products & insulation technology
  - Energy-efficient door, window and wall materials
  - Component and service suppliers
  
- **Who Will Attend:**
  - Managers and technical engineers coming from the building materials companies
  - Suppliers and distributors of manufacturing plant and machinery for various building material industries
  - Researchers of design institutes
  - Merchants/end-users
  - Medias & magazine journalists in the field of Building Materials
  - Government officials

## CBMD 2009

### China Building Materials Development Conference 2009

—Focus on insulation and environmental-friendly products, sustainable building technology, solid-waste comprehensive utilization technology, etc..

---

#### ■ Agenda & Program:

#### China Building Materials Development Conference 2009 Schedule

Date	Events	Time and Location
Sunday June 27	Registration	8:00-17:00
	Exhibit set-up	8:00-17:00
	I. Exchange Meeting on National Thermal Power Plant Comprehensive Utilized of Fly Ash & Gypsum	9:00-17:00
Monday June 28	Opening ceremony	10:00a. m.
	CBMD 2009 opening ceremony	13:30p. m.
	Welcome Reception	6:00p. m.
Tuesday June 29	II. Exchange Meeting on Technology & Technological Application of Building Bricks for Sintering	9:30-16:30
	III. Information Exchange Meeting on Concrete New Technology & New Products	9:30-16:30

#### ■ Registration and Fees:

- \$ 800/person (on or before June 1, 2009)
- \$ 1000/person (after June 1, 2009)

#### ● The Basic registration fee covers:

- all CBMD Conference functions
- welcoming reception, opening ceremony evening reception
- conference materials and souvenir
- access to exhibits and posters

## **CBMD 2009**

### **China Building Materials Development Conference 2009**

—Focus on insulation and environmental-friendly products, sustainable building technology, solid-waste comprehensive utilization technology, etc..

---

#### ■ **Full agenda / Sessions:**

#### **I. Exchange Meeting on National Thermal Power Plant Comprehensive Utilized of Fly Ash & Gypsum**

##### Topics:

- \* Achievement on national comprehensive utilization of fly ash and the focus on the next stage of development.
- \* Related issues on comprehensive utilization of fly ash.
- \* Using industrial by-product gypsum to product insulation materials.
- \* New technology on comprehensive utilization of fly ash--- high-alumina fly ash.
- \* The using of sorting cenosphere and high value-added.
- \* Technology of using Gypsum and analysis of sustainable development.
- \* Two-step desulphurization method and the using for free calcined of Gypsum.
- \* The selection of flue gas desulphurization in Thermal Power Plant.
- \* Ceramic sintering technology of fly ash.
- \* The application of solid industrial waste and fly ash in ROMETA brick-making equipment in Spain.

#### **II. Exchange Meeting on Technology & Technological Application of Building Bricks for Sintering**

##### Topics:

- \* Government policy of promoting wall materials innovation and energy-saving buildings.
- \* Integrated dynamic of international sintering technology's development.
- \* American brick-making technology and technical application.
- \* Production and application of German sintering siding.
- \* Energy-saving technologies of Tunnel Kiln.
- \* Preparation craft of gangue fired brick and shale agglutination brick.
- \* Sintered hollow block and building application.

#### **III. Information Exchange Meeting on Concrete New Technology & New Products**

##### Topics:

- \* Design principle and structural measures of concrete sandwich wall.
- \* Prevent and treatment of concrete cracks.
- \* Application of sand aerated concrete block.
- \* Analysis of seismic performance on structure of Concrete block wall.
- \* Complete set of equipment and application for using dry process techniques to product recycled aggregate in Construction Waste.

# CHINA BUILDING MATERIALS DEVELOPMENT CONFERENCE 2009

## APPLICATION FORM

NAME	FIRSTNAME:				
	SURNAME:				
POSITION					
COMPANY					
ADDRESS					
COUNTRY		CITY		POST CODE	
TEL		FAX		MOBILE PHONE	
E-MAIL		Http://			
Brief introduction of your company:					
What products or equipments you are interested in? What kinds of manufacturers would you like to talk with face to face?					
<p>Attendee registry fee:US\$800 per person</p> <p>Payee name: China National Building Material Exhibition &amp; Trade Center</p> <p>Payee bank: Industrial and Commercial Bank of China,Beijing Baiwanzhuang Branch</p> <p>Payee number: 0200001409089001829</p> <p>Remark: Including official invitation for visa, conference proceedings, Exhibition catalog, Luncheon, supper, banquet and gift and visiting Beijing Olympic Game Buildings</p>					
Applicator signature:			Signature by organizer:
